WORK EXPERIENCE

Python Intern — Sofcon India Pvt. Ltd. - *Remote | Ahmedabad, Gujarat | Jun 2024 – Apr 2025*

- Gained hands-on experience in Python programming through real-world projects and mentor-led sessions.
- Worked on automation scripting, file handling, and API integration, enhancing logical thinking and coding foundation.
- Built small automation tools and practiced debugging, problem-solving, and version control using Git/GitHub.

Machine Learning Intern — InfoLabz - *Remote | Ahmedabad, Gujarat | May 2025 – Jul 2025*

- Gained hands-on experience in **machine learning concepts** and their practical applications using **Python**.
- Learned and practiced **data preprocessing, model training, and evaluation** under mentor guidance.
- Developed a solid understanding of **ML workflows**, algorithms, and basic **model deployment** techniques.

EDUCATION

Government Polytechnic, Ahmedabad

Diploma in Information Technology – **CGPA: 8.33**

Currently in 5th Semester | Expected Graduation: August 2026

PROJECT

VersatileX — Tournament Management Discord Bot

- Contributed to and managed an open-source Discord bot project built with Python (discord.py) and Wavelink.
- Designed modular tournament registration and bracket systems for streamlined management.
- Integrated asynchronous database querying using Tortoise ORM to improve performance and reliability.
- Implemented OCR-based automated validation to simplify and speed up tournament operations.
- The bot is actively used by 210+ Discord communities, serving 615,000+ users worldwide.

Web Development Practice Projects

- Developed **responsive front-end interfaces** using **React.js**, **HTML**, **CSS**, and **Tailwind CSS**.
- Built **full-stack prototypes** with **Node.js**, **Python**, and **PostgreSQL/MySQL** for efficient data handling.
- Focused on creating **seamless user experiences** and ensuring smooth front-to-back integration.

SKILLS

- **Frontend**: HTML, CSS, JavaScript, React.js, Tailwind CSS
- **Backend:** Python, Node.js, Express.js
- **Databases:** PostgreSQL, MySQL | **Tools:** Discord.py, Tortoise ORM, Git
- **OS:** Linux, Windows
- **AI/ML:** Basic Understanding
